Introducing a new way to save money and cover their fees

at Jonathan Best Opticians

“My philosophy has always been to offer you the very best service and this includes an unbeatable range of savings and benefits with our Eyecare Membership.”

Jonathan Best MCOptom
Optometrist and Director

Enhancing what the NHS provide

With only a basic sight test available under the NHS, providing your children with additional services such as retinal and emergency visits, follow-up clinical assessments and longer, more thorough examinations means you often have to pay towards the type of enhanced eyecare you want for them.

The solution . . .

When your child joins our Junior Eyecare Membership our enhanced services are included along with a great range of savings and benefits simply not available anywhere else locally. There's also 50/50 eyewear cover, should the worse happen.

When your child becomes a member you are also supporting our continued investment in the latest diagnostic technologies and allowing us to further enhance the service we offer to patients.

Contact lenses

For slightly older children and young adults there is also the opportunity to try contact lenses for the first time; ideal if they are really into their sport.

Joining is simple and you'll start saving straight away so speak to one of my team today . . .

	Eyecare Junior
Savings on Glasses	50%

Emergency Visits	✓
Visual Stress Assessments	20%
Free Contact Lens Trials	✓
Eyewear Servicing	✓
Free "Optix" Eyewear Cleaner Refills	✓

Monthly Membership Fee **£4.99**

Simply add your child to an existing adult Eyecare Membership or if you have not yet discovered the amazing savings and benefits available, maybe you should consider also joining . . .

Junior Eyecare Membership is available for children and young adults under the age of 18. Membership fee payments must be setup through parent or guardian's bank account.

Upon reaching 19 years of age, Junior Eyecare Members will automatically be switched to an appropriate adult membership level where the relevant monthly membership fee will apply. When a Junior Eyecare Member becomes a contact lens wearer, their membership will be upgraded to Eyecare Plus where the relevant monthly membership fee will apply.
